Please ask for: Elise Ross  
Date: 15 June 2017

Dear Danny,

**Printers and funds donated for Solihull's care leavers and young carers**

I wanted to send you and your staff this letter to say thank you for donating 24 printers for Solihull's care leavers and young carers. We have started to distribute them to the children and young people, half to young carers and half to care leavers.

This resource will be a huge help for children and young people to be successful in their school or college work, researching and applying for jobs or training courses or for undertaking work at university.

We are also extremely grateful for the donation to OVOS of £195:00. It will be used to support their activities programme.

Thank you for supporting children and young people in Solihull.

Yours Sincerely

Elise Ross
